

### Price List for Peak Models

If all the work to convert a OO gauge model into your favourite Peak is too much to handle, or you simply don't have time, I provide a conversion/detailing/painting service, with a donation from the proceeds going towards the upkeep of 45133. Please see the basic price list below.

Supply of base model (varies from approx. £60 for second hand to approx. £130 for new).

Respray in BR blue with full yellow ends, transfers and varnish	£40
Conversion of body sides and roof to represent Class 45/1	£25
Conversion of nose ends to dummy sealed beam lights and headlight	£20
Detailing of chassis, including pipes/ETH on buffer beams and air tanks under battery boxes, plus dummy screw link coupling at one end.	£25
Supply and fitting of working sealed beam lights and headlights	£35
Supply and fitting of nameplates	£15
Weathering	£25
Supply and fitting of DCC decoder	£20
Supply and fitting of DCC Sound	£130
